

STONEKS

Premium SPC & Natural Stone Solutions

PREMIUM SPC SKIRTING COLLECTION

LINEA / CLASSA / QUADRA / REGA / STRIA / CURVA / ARCA / BREVE

Color. Texture. Unity

From floor to wall, the same story.

The design story that begins on the floor gains character on the wall and receives its final touch with the skirting. STONEKS treats nature-inspired surfaces with a holistic language; the skirting is the architectural line of this unity.

Eight collections. Eight characters.

Each one brings its own signature to your space under the names LINEA, CLASSA, QUADRA, REGA, STRIA, CURVA, ARCA, and BREVE.

01 **Shared Design Language**

Floor, wall, and skirting are read in the same color palette.

02 **Engineering Integrity**

Rigid SPC core, flexible edge system, 100% moisture resistance.

03 **Flawless Transitions**

The final touch that finishes the boundaries of the space with architectural elegance.

Eight interpretations, a single design language.
